Hannah's Story

Hannah's House finds its inspiration in the remarkable life of Hannah Watson, born in 1991 and lovingly remembered after her passing in 2010.

Hannah faced the challenges of Opitz Trigonocephaly, a rare syndrome, which brought profound intellectual and physical difficulties alongside complex medical conditions

Her daily life involved challenges in swallowing, mobility, communication, and emotional expression, necessitating roundthe-clock nursing care.

Today, Hannah's spirit thrives in Hannah's House's in-home support services. designed to be a beacon of compassion and care for families facing similar challenges.

#shineforhannah

GLUE HERE

Shine for Hannah is a great opportunity to gather your friends, family and colleagues, dress up in yellow and do something extraordinary for seriously ill children.

Every \$80 raised will provide 1 hour of care for seriously ill children.
